The Children's and Youth House at Fliederplatz enables children and young people of the Mühlburg district to organize their free time in a meaningful way and to pursue their interests.

The focus of the facility is on low-threshold, open children's and youth work. The pedagogical staff offers the different target groups reliable guidance and support in their development.

In the premises are many games, a foosball & a pool table, PS4, Nintendo Switch, dartboard, music room, workroom and much more available.

The facility is oriented to the current needs of young people and offers the children and youth in addition to play and recreational opportunities, a variety of open offers and activities, such as a program for children & teens 1 time per week.

We have something new in/at our house! :)

--> We save food!

The Fairteiler:

We want to contribute together with you to save food!

The association **foodsharing** makes it its business to minimize food waste. For this purpose there are Fairteiler in many places (also in Karlsruhe). Many people know the problem of having bought too much food and then not being able to use it. They go bad and are then thrown away. There the Fairteiler would like to counteract. The cupboard is open, EVERYONE can take food out of the cupboard, which is no longer used elsewhere. Care is taken that the food is not yet spoiled. Likewise, EVERYONE has the opportunity to put food that no longer has a use in the cupboard.

The Mühlburg Reading Club is now with us at the KJH!

The Reading Club Mühlburg, from the "Stiftung Lesen", has moved from the community center to the Kinder- und Jugendhaus. The reading room has been newly furnished and equipped with many new books and games. Every Wednesday from 4:00 p.m. to 6:00 p.m.,

children between the ages of 6 and 12 can come by and take part in great reading activities. Of course, you can also come by and browse through the books yourself, make yourself comfortable and read. You can also borrow some books.

We would be happy if you accept this offer! :)

If you are interested in helping out as a volunteer, you are welcome to contact the facility manager, Mr. Göbel.
